

Branch visits in past 30 days

Data compiled Oct. 31, 2017.
 Based on responses to the original question: "How many times in the last 30 days have you visited a branch of your primary bank (to visit ATM, talk to teller, drive through etc.)?"
 Numbers are 348 for those with a branchless bank; 2,114 for those interested in branchless banking; and 4,000 for all respondents.
 Based on results of a survey fielded between Jan. 26 and Feb. 1, 2017, that S&P Global Market Intelligence commissioned, the results of which are weighted to be nationally representative.
