As of March 4, 2013.

Deposit data is based on FDIC Summary of Deposits as of June 30, 2012, and is pro forma for completed/announced mergers and acquisitions as of March 4, 2013.

Total active branch data is also pro forma for M&A activity.

Net openings/closings does not factor in acquired branches.

Same-store growth is calculated with the deposits at only the active branches as of both the beginning and the end of each respective period.
