

Share of small nonfarm business loans among small and large banks*

As of March 11, 2013

Based on regulatory filings by commercial and savings banks.

Small nonfarm business loans defined as loans secured by nonfarm, nonresidential properties and commercial and industrial loans to U.S. addresses with original amounts of \$1 million or less.

Note, prior to 2010, the data was only available as of the second quarter of each year.
